1. What is your connection or interest in this case? * For example, are you a customer of the Company that is the subject of this pending proceeding? (This section must be completed. Attach additional information if necessary.)

I am a customer

2. Please give a concise statement of your protest. * (This section must be completed. Attach additional information if necessary.)

We have not been satisfied with the Tega Cay water service, Utilities Inc., since we have become a residents 2 years ago. We have had several issues with the sewage cleaning on our property. Sewage was actually dumped into the lake and low lying areas on my property as well as greenways near my home. The entire neighborhood is coming together to keep this company from taking advantage of it's position. My family has been in the Marine Corps for 10+ years and has never had so many warnings about quality of the drinking water as we have had in Tega Cay in the last two years. I feel as if this company is abusing it position holding a monopoly on services offered and holding the residents hostage. They are only focused on their bottom line and have a complete disregard for safety in our community.

3. Do you wish to make an appearance at a hearing in this proceeding , if scheduled, and offer sworn testimony? *

I have no problem appearing if deemed necessary and can assist in this atrocity.
